KARGO MASTER®

WE PUT EVERYTHING WITHIN REACH.

For over 40 years ...

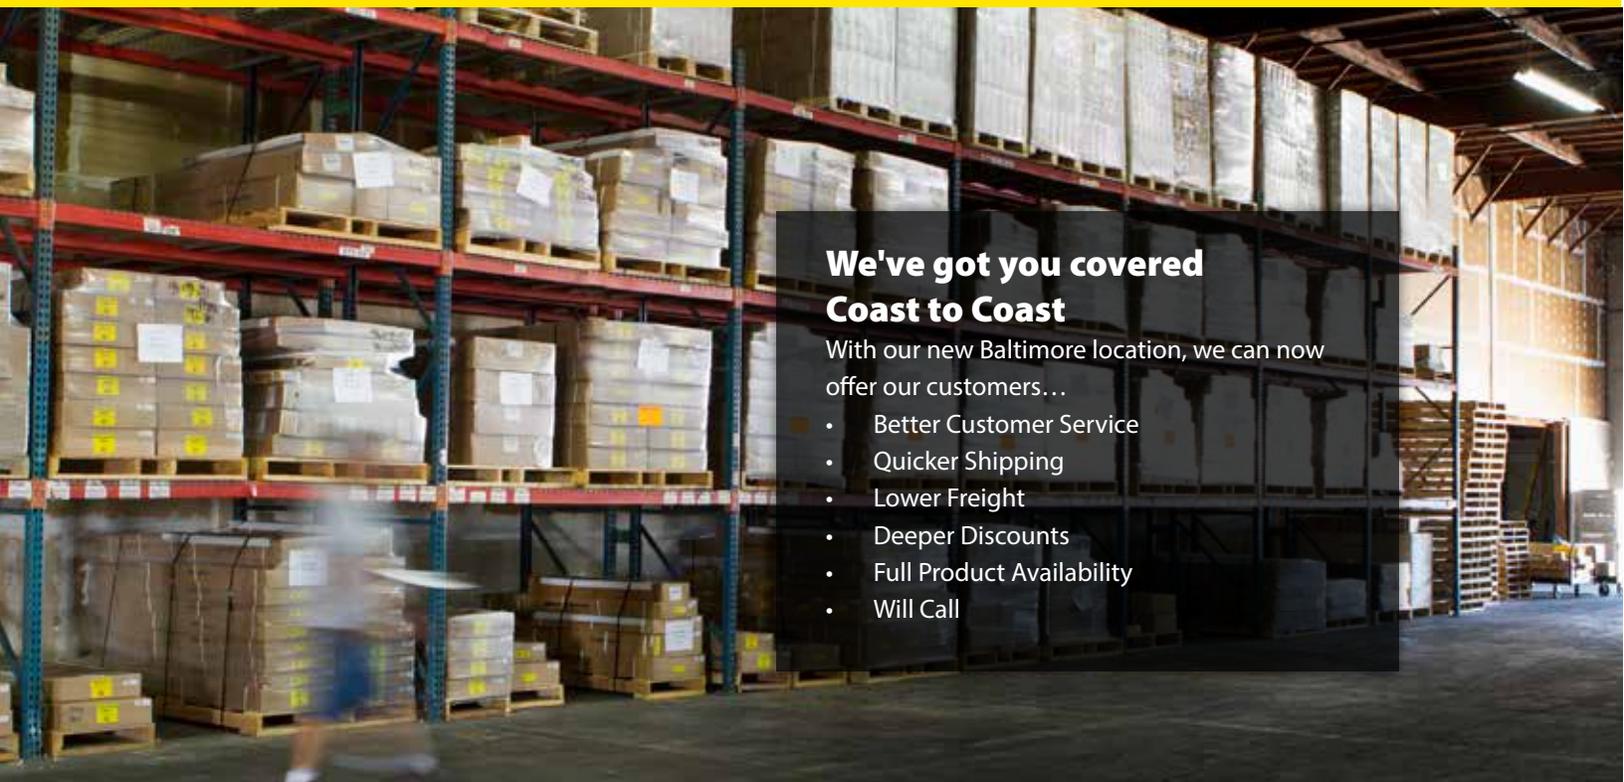

Kargo Master has been giving you more ... more function, more strength, more durability, and more style than any other manufacturer of truck and van equipment. When you purchase **Kargo Master**, you get the best products, the best warranty (lifetime), and the best price.

We manufacture and sell productivity ...

Every **Kargo Master** product is thoughtfully designed to make you more efficient, more organized and more profitable. Faster, easier and safer, that is what we're all about. It's tough out there. You can't afford to waste any time accessing or storing your tools and supplies. Get there, get it done and get going with **Kargo Master** equipment.

KARGO MASTER CATALOGS ARE AVAILABLE IN PRINT OR ON THE WEB

You may download digital copies of our current catalogs at kargomastercompanies.com/catalogs, or call customer service (800) 343-7486 to have printed versions sent to you.

We've got you covered Coast to Coast

With our new Baltimore location, we can now offer our customers...

- Better Customer Service
- Quicker Shipping
- Lower Freight
- Deeper Discounts
- Full Product Availability
- Will Call

SHEET METAL PARTITIONS

COMPACT CARGO VAN PARTITIONS

LOW ROOF FULL-SIZED VAN PARTITIONS

MID/HIGH ROOF FULL-SIZED VAN PARTITIONS

Sheet Metal Partitions Features and Benefits

- 18 gauge steel, hemmed and embossed to provide extra strength, security and reduce noise.
- EXTRA SECURITY. Corner contoured to prevent reaching in from the cab to unlock side door.
- Optional tight compression center panel door latch handle and lock kit #40620 helps to prevent annoying rattle (see page 8).
- Quick and easy to install.
- Power coated with matte powder coat to minimize glare and resist scratching and chipping.
- Separate wing kits for GM, Ford, Sprinter, Nissan and Ram ProMaster.
- Multiple partition attachment points and rubber cushioned door frame prevents noise.

RAM PROMASTER VAN PARTITIONS

ALUMINUM COMPACT CARGO VAN PARTITIONS

WIRE PARTITIONS

COMPACT CARGO VAN WIRE PARTITIONS

Kargo Master Wire Partitions Features and Benefits

Heavy 7 gauge wire mesh (2.5" squares) keeps product, equipment, supplies and/or pets in the cargo area. An economical way to protect driver and passenger. Provides excellent rear visibility.

Designed so that cab seats can be fully pushed back and reclined somewhat for driver comfort. Quick easy installation uses existing factory mounts. Powder coated grey.

For Ford E-Series, Transit, Transit Connect & GM

FORD TRANSIT CONNECT HINGED REAR DOORS

Window Screens Features and Benefits

Our window screens add more security and protection to your valuable tools inside the van. Window screens are coated with a gray powder coat finish. Custom-fit window screens are easy to install; no assembly is required. All hardware is included.

- Industry's strongest 7 gauge wire frame, 9 gauge grid screens and loops secure cargo area windows. A thief will need more than wire cutters to get through these.
- Powder coated no glare matte gray.
- Models available for GM and Ford E-Series sliding side and hinged doors, hinged rear doors for Ford Transit, Transit Connect, GM and Ford E-Series, and sliding side or hinged door for Ford Transit.
- Kargo Master nationwide lifetime warranty.

Available in 9 Sizes for all Cargo Vans - Quick, Easy & Economical

EZ Adjustable Shelving Features and Benefits

The **Kargo Master EZ Adjustable Shelving System** is one of the most durable and flexible shelving systems available on the market. All **Kargo Master** shelving units are built with a unique lance support technique, which provides additional shelf-to-structure support on each shelf layer. Each van shelf is constructed with powder coated heavy duty steel that provides protection against abrasive use. The individual shelves of each **Kargo Master** shelving unit can be adjusted to differing heights depending on each unique shelving need. Van shelves are also contoured with the frame to enable the unit to fit flush against your van walls; maximizing space. Steel back panels are included with these shelves. Each shelf comes with built-in 2" lips to retain cargo during transport. Additional **Kargo Master** shelving accessories are available to meet your custom van storage needs!

- Convenient formed shelf supports and permanent "pressed-in" fasteners enable you to assemble EZ shelf units in only 15 minutes. Contoured end panels provide flush fit to van side, widest possible van aisle.
- Contoured full steel shelf back provides additional strength and convenience.
- Position the middle shelf to accept **Kargo Master** standard drawer cabinets, or select two other practical shelf heights. Or, install an accessory 4th shelf. Middle shelf height can be adjusted with shelf unit mounted in the van.
- Each shelf comes with built-in 2" lips to contain cargo.
- EZ Adjustable Shelving is specifically designed to reduce noise and rattle.

KARGO MASTER TRADE-SPECIFIC VAN PACKAGES MAKE IT EASY TO CHOOSE.

Our professional designers and product engineers have created customized van packages for specific service categories to help you easily outfit a van based on input from experienced industry tradesmen. These packages make one more efficient, more productive, more profitable and save wear and tear on your back and knees.

The chart above will help you locate available packages in the catalog by vehicle type. Naturally, since all **Kargo Master** products are modular, one can easily mix and match parts to one's liking either by building a custom configuration, or by adding parts to one of the available packages.

To view pre-configured packages, first choose your van type by roof height: **LOW ROOF** (PAGES 11-16), **MID/HIGH ROOF** (PAGES 17-20), **MERCEDES METRIS** (PAGES 21-22), **COMPACT CARGO VANS** (PAGES 23-26) or **ALUMINUM COMPACT CARGO VANS** (PAGES 27-28). Then thumb through the offerings until you find a package that meets your requirements.

Please note, all standard shelving for **LOW ROOF VANS** is 46" high ... for **MID/HIGH ROOF VANS** the shelving is 60" high. We now offer 43" high steel and aluminum shelving for **COMPACT CARGO VANS**.

For more information, or assistance with product information, contact a **Kargo Master** dealer, distributor or upfitter, call us at **(800) 343-7486**, or search on our website: **www.kargomaster.com**.

WHEN YOU CHOOSE A KARGO MASTER VAN RACK, IT WILL LAST A LIFETIME

EZ DROP DOWN LADDER RACKS

CLAMP & LOCK LADDER RACKS

CROSS BAR & TUBE RACKS

UTILITY ECONO VAN CARGO RACKS

PRO II VAN CARGO RACK

For nearly 40 years ... almost a half a century ... Kargo Master has been known for producing superior quality ladder and cargo racks for commercial trucks. Today, Kargo Master developers have relied upon and turned to its experience and success to manufacture some of the most innovative and affordable racks available.

Kargo Master offers van racks for most vehicles from the leading automotive companies available in dozens of popular trade configurations. Whether you have, or are considering purchasing, one of the sporty and efficient new compact cargo vans, or a high roof van that carries everything including the kitchen sink, we have a rack to meet your needs.

Before you even consider another rack brand, we encourage you to look at our racks and compare the features, and costs, for yourself. Kargo Master is all about ease of use, reliability, and efficiency, from the installation to your daily tasks.

DON'T LOSE YOUR LOAD ... BUCKLE IT UP WITH OUR RATCHET STRAPS

#40850 Retractable Ratchet Straps FOR RACKS WITH UPRIGHT PLATES

HD ALUMINUM SINGLE CLAMP & LOCK LADDER

RACK #4A873 – The HD Aluminum Single Clamp & Lock HD Aluminum Ladder Rack for compact vans makes ladder storage easy, fast and secure. Fits Ford Transit Connect, Nissan NV200, Chevy City Express, Ram ProMaster City

v1.2 092717

HD ALUMINUM EZ DROP DOWN LADDER RACKS

#4A92L – Our HD Aluminum EZ Drop Down Ladder Rack is a lightweight version of our popular EZ Drop Down Ladder Rack. Fits all compact cargo vans. Separate mount kits are required. Coming soon.

ez drop down ladder racks

LEFT IMAGE: LADDER RACK ON A MID-ROOF VAN IS IN THE DOWN POSITION. NOTE IT IS EASY TO REACH THE DETACHABLE HANDLE WHICH CAN BE STORED INSIDE THE VAN.

BOTTOM IMAGE: ON LOWER ROOF VANS, WHEN THE LADDER IS UP THE HANDLE IS EASILY REACHABLE AND NEATLY TUCKS AWAY WHEN IN THE LOCKED POSITION.

COMBO RACKS WITH BOTH EZ DROP DOWN AND CLAMP & LOCK UNITS ARE AVAILABLE FOR LOW ROOF AND COMPACT CARGO VANS.

Choose from several ladder rack combinations depending on the height of your van. **EZ Drop Down Ladder Racks** are a drop down rack which work on all roof heights and make it super easy to mount, raise (or lower) and secure your ladders.

- Rugged crossbows are low over van roof to reduce overall vehicle height and to facilitate loading and unloading.
- Easy to reach lockable clamp arm firmly secures ladder to rack on low roof racks.
- Easy to reach removeable handle firmly secures ladder to rack on higher roof racks.
- Curb side mechanism included. Purchase driver side drop down or clamp & lock mechanism (sold separately ... see application guide).
- Ladder grips are adjustable to secure extension and step ladders 8' or larger (#40816 required for 8' ladders on #40993).
- Ladder racks are available for all current cargo vans. No drilling or cutting is required.
- Zinc epoxy primed for superior rust resistance. Chip resistant white powder coat.
- Quick and easy to assemble and install with mounting kit included with rack.
- 40993 provides a deeper drop and extended ladder beds for easier reach.

The **Kargo Master Clamp & Lock Ladder Rack** for commercial vans is uniquely designed to easily lock and secure ladders in place. The lockable clamp arm can be easily reached and locked to provide extra security. Ladder grips are adjustable to secure extension and step ladders of all 8' or longer sizes. 6' step ladder requires #40816. The ladder rack with rugged crossbow design is low over the van roof to reduce overall vehicle height and to facilitate loading and unloading. The Clamp & Lock Ladder Rack is installed on cargo vans with wide mounting feet which clamp securely to factory mounting holes to provide maximum support and stability, and they allow for easy, no-drill installation.

COMBO RACKS WITH BOTH EZ LO-DOWN AND CLAMP & LOCK UNITS ARE AVAILABLE FOR LOW ROOF AND COMPACT VANS.

- Rugged crossbows hover just inches above the roof to reduce overall vehicle height and to facilitate loading and unloading.
- Easy to reach lockable clamp arm firmly secures ladder to rack.
- Wide mount feet clamp securely to the van roof in factory mounting hole. Feet are coated at bottom.
- Ladder hooks are adjustable to secure extension and step ladders of all sizes 8' or longer.
- Three sizes are offered to fit mini cargo vans and low roof full-sized vans.
- Zinc epoxy primed for superior rust resistance.
- Chip-resistant white powder coat.
- Quick and easy to assemble and install. No drilling or cutting required.
- Driver side load retainers included.

crossbar cargo & ladder van racks

#80070 FOR COMPACT CARGO VANS

#80080 FOR FULL-SIZED VANS

VAN & LADDER TYPES	PART #
COMPACT CARGO VANS (Ford Transit Connect, Chevy City Express, Nissan NV200, Ram ProMaster City)	
4 Crossbar Cargo & Ladder Van Rack - Includes Wind Deflector	80070

VAN & LADDER TYPES	PART #
FULL-SIZED VANS (Ford Transit, Nissan NV and Ram ProMaster. Also fits the Mercedes Metris and Sprinter - Requires mount kit 4090M)	
5 Crossbar Cargo & Ladder Van Rack - Includes Wind Deflector	80080

If you have a short van, but you may need to carry long ladders, or long materials, this top mount rack is the solution that is made just for you.

- Rugged 1-5/8" dia. x .083 high tensil strength tubing.
- 500 lb. cargo capacity.
- Zinc epoxy undercoat.
- High gloss metallic silver marine grade powder coat finish.
- Swagged tube joints.
- Yellow zinc plated hardware.
- Easy to install ... no drilling required.
- Nylon self-locking nuts.
- 1,000 hour ASTM salt spray resistance.
- Convenient rear loading.

Mid Roof Transit, Ram ProMaster and Sprinter are too high for traditional side loading Clamp & Lock or Crossbar Ladder Racks. The five bar #80080 loads from the rear. Simply lean your ladder on the protective rear crossbar that overhangs the roof. Lift the bottom of the ladder, push forward, and when you run out of arm, let er' go. The ladder front will set down on the fifth crossbar, which you will have located in the perfect spot to protect the roof of your van. Position and secure your ladder while standing on the van floor. We recommend attaching a grab strap to the bottom rung of your ladder to facilitate unloading. Durable, economical, and easy to use. Rack features 1-5/8" dia. steel tubing with metallic silver powder coat finish. 122" L x 57" W.

Cargo & Ladder Rack Accessories

EZ Lo-Down Extender (24") to Carry Long Heavy-Duty Extension Ladders

40817 2 Bars + Mount Kit

THE KARGO MASTER UTILITY ECONO VAN CARGO RACK IS AVAILABLE WITH 2 OR 3 CROSSBARS (See inside back cover for Retractable Ratchet Straps detail – #40850 – Shown on image to left – included With #40825)

A | F/S 2 (or 3) CROSSBAR UTILITY ECONO VAN RACK

The **Kargo Master** all-purpose **Utility Econo Van Rack** is designed to be stronger than other ordinary van racks in the market. The Utility Van Rack is constructed using heavy duty 1.75" square tubes, and it is available in 2 or 3 steel cross bars. Strong wide mounting feet clamps secure the rack to rain gutter to provide maximum support, stability and offer easy, no-drill installation for your van. Feet clamps are coated to protect rain gutter paint. Ladder stops are included in the van rack package and they provide great convenience when securing your loads. All **Kargo Master** Van Racks are coated with zinc primer and thick marine grade powder coat to provide excellent corrosion resistance.

- Available with 2 or 3 heavy-duty 1.75" square steel crossbars. Wide mount feet clamp securely to rain gutter. Feet coated at bottom to protect rain gutter paint.
- Each model fits full-sized Ford E-Series, GM, older pre-Sprinter Dodge, and all full-sized vans with rain gutters.
- No drilling or cutting required.
- Zinc epoxy primed for superior rust resistance. Chip resistant WHITE ONLY powder coat.
- Ladder stop included.
- Low profile uprights enable access to low clearance parking facilities.

40823	2 Crossbar Rack - Rain Gutter Mount
40824	Add a 3rd Middle Crossbar to #40823 - Rain Gutter Mount
40825	2 Crossbar Rack Kit - Rain Gutter Mount - with 2 Retractable Ratchet Straps (#40850)
40850	Retractable Ratchet Straps (Pair) - 2" x 7' - Mounts to Crossbar End Plate - Fits #40823 & #40824

CROSSBAR LADDER RACKS FOR CARGO VANS

These steel 2 OR 3 Crossbar Racks are the most economical way to carry ladders and long rigid materials. Uprights are low profile (8" H), specially designed to accept special ratchet straps that quickly and safely secure one ladder, or a stack of ladders. Crossbars are 1.5" square steel tubing, 53" L. Uprights bolt directly to factory roof mounts. Ladder stops included. Accessory rear roller assembly is available. Racks zinc primed for superior corrosion protection and powder coated white.

40821	2 Crossbar Rack - Compact and Low Roof Cargo Vans (See Application Guide on Page 31) Includes Wind Deflector
40822	Add a 3rd Middle Crossbar to #40821
40819	2 Crossbar Rack Kit - with 2 Retractable Ratchet Straps (#40830) - Includes Wind Deflector
40829	Rear Roller Bar (Recommended for Use with #40821 to Protect Roof) - Transit Only
40830	Retractable Ratchet Straps (Pair) - Mounts to Crossbar End Plate - 1" x 6' - Fits #40821 & #40822

heavy-duty pro II van cargo rack

Kargo Master Pro II Van Cargo Rack Features and Benefits

- Extends to full length of van (165" L x 55" W) for maximum cargo capacity.
- 4 heavy-duty 2" diameter crossbars to fully support long and short loads.
- Rear roller bar makes loading easy.
- Level cross bars support sheet goods, elevated standing platform, lumber, ladders, pipe, etc.
- Wide mount feet clamp securely to rain gutter.
- Feet coated at bottom to protect rain gutter paint.
- Each model fits full-sized Ford E-Series, GM Express, pre-Sprinter Dodge, and all full-sized vans with rain gutters.
- No drilling or cutting required.
- Zinc epoxy primed for superior rust resistance.
- Available in chip resistant black powder coat only.
- Quick and easy to assemble and install.
- Driver side load retainers are included.

THIS RACK WILL FIT ANY VAN WITH RAIN GUTTERS.

Includes Rear Roller Bar for Easy Loading

Rear roller bar makes it easier to load heavy ladders, bulky items, sheet goods and protects the top of the van.

Retractable Ratchet Straps

- These clamp-on ratchet straps enable you to quickly and safely secure cargo on top of a rack. #31490 comes with mounting hardware.

31490 Retractable Ratchet Straps (Set of 2)

PART #	DESCRIPTION
40870	Pro II Heavy-Duty Material Rack Feet & Bars Kit with Real Roller
40880	Pro II Heavy-Duty Material Rack Side Channel Kit
You must purchase both items to build a complete rack.	

The Choice is Clear: **Kargo Master** for Your **Truck Racks**.

Kargo Master earned its stripes by manufacturing truck racks that have simply withstood the tests of time, wear and tear, and weather conditions from mild to extreme cold and heat. **Just look at these exceptional features . . .**

DURABILITY

WE HATE RUST TOO! That's why every steel component of every **Kargo Master** rack is zinc epoxy primed beneath the gloss marine grade polyester powder coat finish. This system provides over five times the corrosion protection of a conventional un-primed powder coat. All fasteners are yellow zinc plated or stainless steel. No other manufacturer goes to this expense to protect your rack and your vehicle.

STYLE

All **Kargo Master** racks are made from round tubing that is stronger than square, and easy on the eye. Our premium full length racks have a sleek "Flying Wedge" appearance, with well proportioned top and bottom tubes. In the rear, the top tube resolves into the rear leg, forming an attractive rounded grab loop. We use clean swaged tube joints that disappear. Fasteners are smooth button head for OEM appearance. Finish is black gloss (steel) or silver (aluminum).

STRENGTH

Don't be misled by published rack load capacity. There is no industry standard for measuring capacity. There is a big difference between supporting a static load and supporting that load while coming to a hard stop, veering around a tight freeway off ramp, or bouncing over pot holes or railroad tracks. **Kargo Master** makes the strongest production racks available, and it is easy to understand why. We use bigger thicker round tubes, with extensive gusseting of legs and cross bars.

Pro II & Econo Truck	2" Dia. x .083" Thick High Tensile Strength Steel Mechanical Tubing
Pro III	1 5/8" Dia. x .083" Thick High Tensile Strength Steel Mechanical Tubing
Pro IV	2" Dia x .12" Think T-6 Aircraft Aluminum

These premium materials provide the highest rack capacity/rack weight ratio in the industry. Think of a mountain bike frame. Know this for sure. Your **Kargo Master** rack is, and if the capable of supporting more weight than the truck it sits upon rack frame bends, cracks, breaks or mechanically fails in any way, we will replace it free, forever.

LOAD CAPACITY AND SAFETY

We are frequently asked about how much weight our racks will carry. Rack capacity is different from the amount of weight that can be carried safely by, or without damaging the body of your vehicle. While our racks are "rated" to carry a certain load, that does not necessarily mean you can, or should carry such a load on top of your rack! The manufacturer of your truck has specified a GVW (gross vehicle weight) limitation. That specified carrying limit is designed around the stock springs, tires, body strength and other components. Additionally, you must remember that any load on top of your rack will significantly change the handling and braking characteristics of your truck and may increase the vehicle's tendency to roll over. Overloading may also damage the bodywork of your truck. Never exceed the manufacturer's cargo weight recommendations and use common sense when loading your vehicle.

THE PRO II DIFFERENCE

Serious tradesmen use substantial tools. **Kargo Master** racks are the top choice because they work hard and look great!

Here's why ...

Bigger Tubes, Stronger Frame

- Big 2" dia. x .083" steel tube frame is the strongest available.
- **1,700" cargo capacity.**
- Nationwide lifetime frame guarantee.

Premium Powder Coat Finish

- Zinc epoxy primed for superior corrosion protection.
- Polyester marine-grade powder coat specially formulated to resist corrosion and abrasion.
- Will not fade or dull.

Bigger Tubes, Stronger Frame

- Sleek "Flying Wedge" design.
- Smooth tubular components.
- Styish gloss black.

Fits Virtually All Service Bodies Makes and Models

These highly crafted racks are quick to assemble and install. Rear leg mount brackets attach to the rear panel of the body. Brackets are located at the reinforced outside corner of the box where they can be raised or lowered without hitting tail lights. The height of the rack over the cab can be optimally set for all makes and models of truck or service body. Mount brackets set the legs off 5/8" from the rear panel to accommodate top opening boxes.

- Big 62" W crossbars provide more carrying capacity – total 1,700 lbs.
- For 8 ft. and 9 ft. service bodies – standard and extended cab, and 11 ft. standard cab.
- Service Body Racks accept all Pro II accessories. Mount clamps are available to attach your custom accessories.

COVERED SERVICE BODY FIT GUIDE

FOUR EASY STEPS.

1. Mounting width (Dimension A) must be in the range 67.5" to 81.5". Locate feet (left to right) about 1" inboard from shoulder if possible.
2. Shoulder width (Dimension B) must be less than 86.5".
3. Body width at bottom of shoe (Dimension C) must be less than:
 - a. 96.5" for **Models #47953** and **#47973**. Measure this body width at a distance of 17.5" down from the shoulder (Dimension C).
 - b. 96.5" for **Model #47993**. Measure this body width at a distance of 27.5" down from the shoulder (Dimension C).
4. Crown height above foot mount location (Dimension D) must be less than 6".

racks for pick up trucks with shells

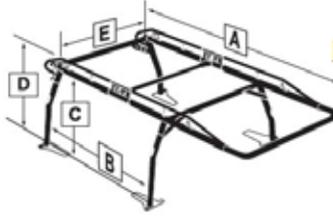

HEAVY-DUTY PRO II CARGO RACK

Camper Shell Front Mount Assembly

With camper shell applications, the rack footplates cantilever out from the side of the truck. This unique **Kargo Master** front mount assembly eliminates stress that can bend or otherwise damage thin sheet metal used in late model truck beds. Mounting is safe, simple, and solid as a rock. Front mount assembly is included with all Camper Shell racks.

PRO-II • TRUCK WITH SHELL	TRUCK TYPE:					
	FULL SIZE		F-250, F-350, Crew Cab			
	Std. Cab	Ext. Cab	Short	Long	Short	Long

D	32" or 35" or 38"				34" or 40"	
E	62"					

MOUNT OPTIONS FOR CAMPER SHELL RACKS

Taller Legs for High Rise Shells

These extended camper shell legs (set of four) are longer than standard to provide extra clearance for high rise camper shells.

Part # 31650 – 6" Taller for Mid-Sized Trucks - Pro III (#80030 only)

Part # 31530 – 6" Taller for Full-Sized Trucks - Pro II (#01110 only)

Part # 31540 – 6" Taller for F-250 & F-350 - Pro III (#01130 only)

MEDIUM-DUTY PRO III CARGO RACK

For Mid-Sized Trucks Only

Part #80030 mounts on truck bed rail features 1 5/8" tubing, heavy-duty front mount assembly shown above, beefy .25" tk. foot plates, and a load capacity consistent with smaller mini/med trucks. Dimensions same as part #80020, except width E is 55", and heights C and D can be increased 6" with accessory leg kit part #31650.

For All-Sized Camper Shells

Part #80070 mounts on top of camper shell. Perfect for fiberglass shells that wrap around truck bed rails. No notching for foot plates. Top mount feet can be located at any length or width between 39"-45" apart. Heavy rubber gasket between shell top and mount plate provides waterproof seal. Rack is 108" long. **NOW IN METALIC SILVER.**

additional truck racks

RACK FOR TRUCKS WITH SHELL MEDIUM-DUTY ECONO CARGO & LADDER RACK

Fits All Trucks With Cab High Shells

Part #30060 mounts on truck bed rail, features sturdy 2" tubing, beefy .25" tk. foot plates and two height settings: 24" or 27". (High setting shown)

RACKS FOR FULL-SIZED TRUCKS WITH COMMERCIAL CAPS

Kargo Master provides a rugged ladder rack system for trucks with commercial caps. Like all **Kargo Master** racks, they can be configured with clamp and lock or drop down mechanisms or any combination your customer needs. Rack can be fitted to most commercial caps. Foot plate bolt reinforcements are recommended for mounting on commercial caps. Ask your cap manufacturer to include this option. **Kargo Master** will supply the locations for mounting plates. The racks are available on a special order basis. Please allow up to 60 days for delivery. Lead time may vary with order size.

RACKS FOR TRUCKS WITH PLATFORM BODIES

Platform racks are supported in front by the existing cab guard. The rear legs are height adjustable by cutting, with mount brackets that bolt to the platform body frame.

FOR TRUCKS WITH PLATFORM BODY

PRO II HEAVY-DUTY STEEL CARGO RACK FOR FULL-SIZED TRUCKS (2" DIA.) – BLACK ONLY (See page 37)

	SIDE CHANNEL		LEG & BAR
Standard Cab – 8 ft. Body	78000	+	70030

Standard Cab – 11 ft. Body	79010	+	70030

LADDER RACKS FOR FULL-SIZED TRUCKS WITH COMMERCIAL CAPS

Top Rack Mount (Silver) – Also Fits Compact Cargo Vans	80070		--
--	-------	--	----

Kargo Master can provide racks for commercial caps on a special order basis. These racks for commercial caps can be configured as clamp and locks or drop-down racks. Please allow for extra lead time as these are special order items.

Contact **Kargo Master** at (800) 343-7486 for detailed information on lead time and rack applications.

Lockable Conduit Box Kit

Carrying stall safely secures tubing or pipe to your rack. Made of heavy gauge power coated steel. Includes complete mounting bracket kit. Use with our load dividers or when boxes are used in pairs, cargo can be locked to prevent theft.

31000	Conduit Box Kit
-------	-----------------

Extra Cross Bar Pro II, III & IV

Provides additional support points anywhere you need them. Removes quickly for bed access or taller loads.

31110	2" Steel Black - Pro II
31600	1.625" Steel Black - Pro III
31690	2" Aluminum Silver - Pro IV

Emergency Light Mount*

Mounts emergency flasher to any location on side rails.

31170	Emergency Light Mount Bracket
-------	-------------------------------

Load Dividers*

Clamps to cross bar tubes to control cargo movement. Use separately or with conduit box.

31020	Load Dividers (Pair)
-------	----------------------

Window Guard for #10000, #01040 & #80000

Protects rear cab window while adding support to both the racks and the truck bed. For all Pro II racks. Powder coated 16 gauge cold rolled steel.

Additional brackets required (#31080C) for use with #01040 Leg Kit or Pro III #80000.

31080	Pro II Steel Full Size
-------	------------------------

Lockable Quick Clamp Ladder Holder

31730	Lockable Quick Clamp Ladder Holder
-------	------------------------------------

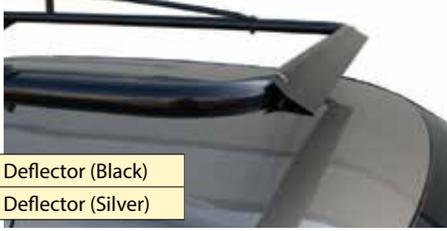

Mount Kit for Ram Box

31740	Mount Kit for Ram Box
-------	-----------------------

Front Bar Wind Deflector

All truck racks make some wind noise when air rushes around the front U bar. This clamp-on deflector can be adjusted to significantly reduce noise.

31570	Front Bar Wind Deflector (Black)
31572	Front Bar Wind Deflector (Silver)

Bed Support F/S Truck

These adjustable struts (sold in sets of two) transfer much of the rack load from the bedrail to the floor of your truck. Use in front only. For heavy loads.

31040	Bed Support Full-Sized Truck
-------	------------------------------

Retractable Ratchet Straps

2" x 7'. These bolt-on retractable ratchet straps allow quick and easy tie down of items on top of the rack. Bushing kit included.

31490	Retractable Ratchet Straps (Set of 2)
-------	---------------------------------------

6" Taller Leg Kit for Camper Shell Rack Only

These extended camper shell legs (set of four) are 6" longer than standard to provide extra clearance for high-rise camper shells.

31530	Works with #0111-0
31540	Works with #0113-0
31650	Works with #80030

Water Jug Mount*

Mounts Igloo™ style water barrel to leg of any Pro II pick up rack.

31160	Water Jug Mount
-------	-----------------

Utility Hook

Side mount hook holds coiled materials within each reach of ground.

31150	Utility Hook
-------	--------------

Standard Full Length Bed Rails for Pro II & III

These accessory bed rail type mounts distribute the rack load, protect your pickup bed sides and provide a strong base for mounting a tool box. Not available for camper shell rack.

31270	Pro II & III - 72" Bed
31280	Pro II & III - 78" Bed
31300	Pro II & III - 96" Bed

Important!

Unless otherwise noted with a **red ***, all accessories listed on this page are steel and will only fit 2" dia. Pro II and IV. Parts with the **red *** will fit Pro III, but bushing part #31700 is required.
